

Database Administrator

Dept/Division: Baltimore GIS

Reference No: 10-17-001

Duties: The following duties are typical of the position, but are not all-encompassing. Each person is expected to help out in whatever duties are required to deliver a quality product on schedule.

- Data loading
- Manipulation, conversion and reporting
- Able to move data between different formats, along with XML and flat files
- Able to perform light database administration (creating / dropping user accounts, simple data objects)
- Comfortable with SQL and shell scripting

Experience: 3 years

Skills: Experience with Oracle data structures and objects; Microsoft Access, Excel and ODBC. PL/SQL experience and knowledge of packages, procedures and functions a plus but not required.

Education: BA / BS

Working Conditions: In field office

Reports to: Michael Deamer, Vice President Information and GIS Technology

Salary Type: Hourly (1.0 overtime rate)
